Difficulties logging in to WeBWorK?

Please follow these steps:

- Make sure that you are logging into the **correct WeBWorK course** for your section. The choices are based on the instructor for your lecture:
  
  
  
  **Shapiro** (for Thursday recitations):
  
  **Shapiro** (for Tuesday recitations):

- Your **userid** is the part of your MSU email address prior to the ‘@’ sign. So if your MSU email address is *jackson5@msu.edu* your WeBWorK userid is: *jackson5*

- Your **password** is your PID, i.e., the letter A followed by 8 digits. Be sure to include the ‘A’ and all 8 digits. E.g., A12345678

**NOTES:**

1. If you **recently registered for MTH 133**, it can take up to 24 hours for the registrar to send your information to us, in order that we can set up a WeBWorK account for you.

2. If you **recently changed from one section of MTH 133 to another** (and both sections are using WeBWorK), continue to work on the WeBWorK assignments in your original section. When the registrar sends us your updated section information, all of your WeBWorK data (answers, scores, etc.) will be moved to your new section’s WeBWorK course. You’ll know that this has happened when you are no longer able to log into your original section’s WeBWorK course.

3. If none of the above apply to you and you still cannot log in, email us with your name, PID, and section number, at: webwork133@math.msu.edu
